Telefon : 079 286 40 65

Production period: from May to June & end August to October.

For us it's the 5th generation making l'Etivaz.

We don't take employees, everything is done 'en famille', son, daughter-in-law, father, mother and grandchildren. Even the daughters like to come when they can.

This chalet is well equipped, we are so happy here, far from the noise of the world outside.

It's the tranquility of the high mountain peaks!!
